an-vision

# Product Catalog

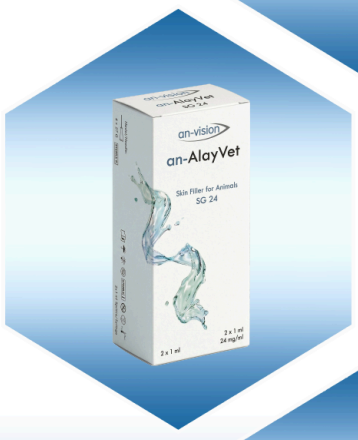

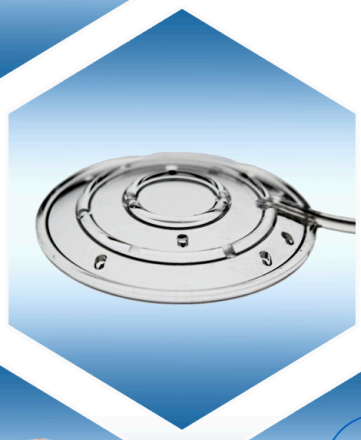

# New Product Catalog for Veterinary Ophthalmology

Dear Valued Customers and Partners,

It is with great pleasure and pride that we present the latest product catalog from an-vision. This new comprehensive product catalog includes our wide range of high-quality products offered along with QR codes for additional product information and specifications.

an-vision is renowned for its innovative and superior quality products. We take great care in providing the latest and most advanced products for veterinary ophthalmology. All our products are fully tested, and quality inspected, to ensure that you have the best outcome for your patients. We are a LAVG audited manufacturing for veterinary medical technical products.

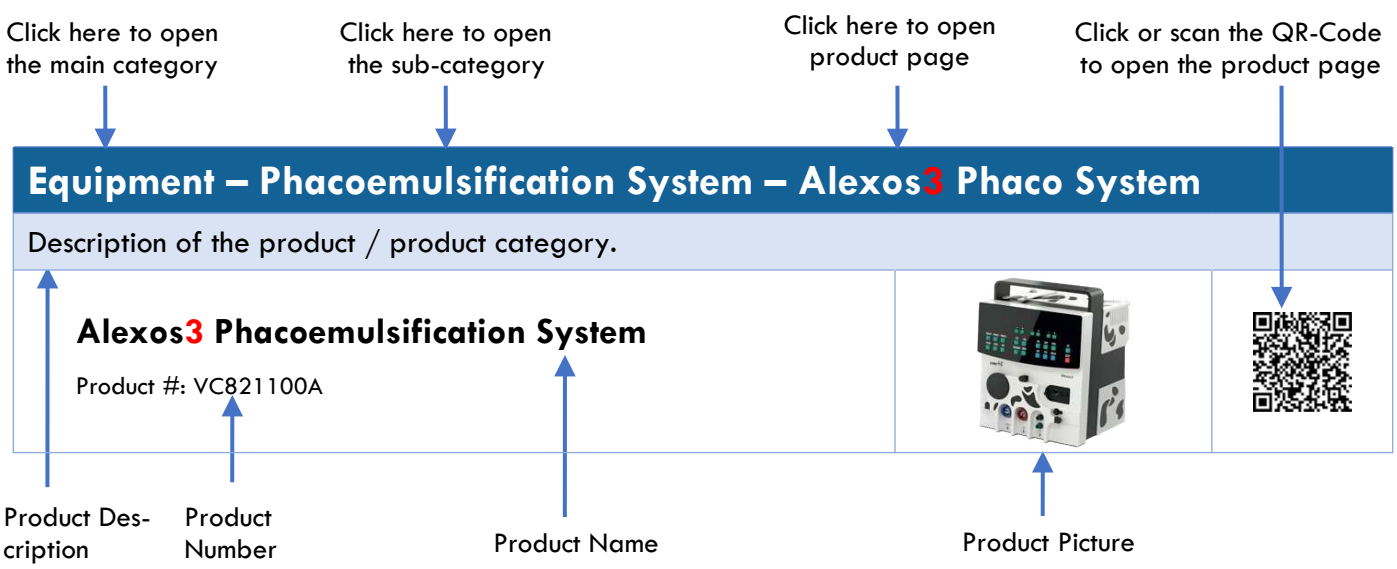

Our extensive instrument portfolio is available as a separate catalog. This allows us to provide you with the most current and accurate information as new instruments become available.

At an-vision, we are committed to delivering exceptional products and customer service. Customer satisfaction is our priority. Our dedicated team is here to be your partner and help you with your needs. Should you have any questions or require further assistance, please contact our customer service team, or visit our website www.an-vision.com.

Warm regards,

The **an-vision** Team

## Instructions - How to use this Product Catalog

# Our Product Highlights

## Eye Drops – Hyaluronate with Amino acids

- Long-chained, ultrapure 1.2% hyaluronate and amino acids form a long-lasting film.
- To be used in cases of Dry Eye.
- Proven advantages of high-molecular weight HA.

**an-HyPro**

Product #: ED1546

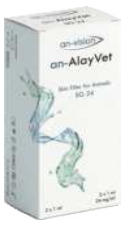

## Skin Fillers – Lid Augmentation

Crosslinked Hyaluronate for injection in case of entropion.

**an-AlayVet**

Box contains 2 syringes of 1 ml

Product #: VE1286

## Intraocular Lenses – preloaded an-PLD

- Hydrophobic, fully preloaded IOL with modified plate haptic.
- D+41, OD 6mm, 360° barrier.
- Improving your surgery workflow.

**an-PLD - Preloaded Intraocular Lens for Dogs**

PLD-12 Product #: IL2171

PLD-13 Product #: IL2148

## Vision Support Supplement – Ocu-GLO® Vegan

- Vision Supplement for Dogs & mature Cats
- Supporting Retinal Diseases, Dry Eye and Diabetes

**Ocu-GLO® Vegan**

Bottle with 90 Capsules - Product #: OG2254

## Glaucoma Implant

- The an-GlauDrain is a non-valved drainage device designed for refractory glaucoma cases featuring a flexible base plate that adjusts to different globe sizes.
- Its foldable design allows for comfortable placement in the subconjunctival pocket.

**an-GlauDrain**

Product #: SH1808

## Equipment – Phacoemulsification System – Alexos3 Phaco System

- The Alexos3 is a compact, portable platform for cataract surgery in small and large animals, known for its fast, safe, and economical performance.
- Utilizing fluidics based on physics, it offers exceptional precision.
- The innovative SPEEP pump enhances efficiency and precision in cataract surgery.
- Features include easyPhaco for chamber stability and HF capsulotomy for easier capsulorrhexis.

**Alexos3 Phacoemulsification System**

Product #: VC821100A

# Intraocular Lenses

## Intraocular Lenses – Dogs

Wide range of intraocular lenses with varying optical and haptic characteristics to best suit your patients. Square edged, hydrophilic or hydrophobic acrylate.

### 1. an-PLD - Preloaded Intraocular Lens for Dogs

PLD-12 Product #: IL2171

PLD-13 Product #: IL2148

### 2. Fo-X for Dogs

Fo-X-10 - Product #: IL1978

Fo-X-11 - Product #: IL1985

Fo-X-12 - Product #: IL1714

Fo-X-13 - Product #: IL1715

Fo-X-14 - Product #: IL1716

### 3. SD7 for Dogs

SD7-12 - Product #: IL2075

SD7-13 - Product #: IL2073

SD7-14 - Product #: IL2084

### 4. MD2 for Dogs

MD2-15,5 - Product #: IL1189

MD2-13,0 - Product #: IL2278

### 5. MD4 for Dogs

MD4-12 - Product #: IL1193

MD4-13 - Product #: IL1194

MD4-14 - Product #: IL1195

### 6. MD8 for Dogs

MD8-12 - Product #: IL1200

MD8-13 - Product #: IL1201

MD8-14 - Product #: IL1202

## Intraocular Lenses – Cats

Diffractive optic structure enabling soft lens opening while also allowing for easy implantation into the capsular bag.

### MC1 for Cats

MC1-12 - Product #: IL1190

MC1-13 - Product #: IL1191

MC1-14 - Product #: IL1192

## Intraocular Lenses – Horses

Diffractive optic structure enabling soft lens opening while also allowing for easy implantation into the capsular bag.

### MH9 for Horses

MH9-21 - Product #: IL1203

MH9-22 - Product #: IL1204

MH9-24 - Product #: IL1205

## Intraocular Lenses – Rabbits

Foldable, single-piece IOL, diffractive structure.

### MR1 for Rabbits

Product #: IL1440

## Intraocular Lenses – IOL Injectors – Accuject, Viscoject

Single-use injector systems to accommodate each surgeon's preference.

### 1. ACCUJECT ™

Product #: IL1207

### 2. VISCOJECT™

Product #: IL1788

# Tension Rings

## Tension Rings – Preloaded Capsular Tension Rings – an-PTR

The an-PTR is designed to improve your surgery workflow and ensures a smooth and controlled tension ring implantation. For the stabilization of subluxated lenses and to delay PCO.

### an-PTR – Preloaded Capsular Tension Rings

1 tension ring per package preloaded on single use injector

12.5 mm - Product #: TR2192

13.5 mm - Product #: TR2193

14.5 mm - Product #: TR2194

# Glaucoma Shunt

## Glaucoma Implant

A non-valved, foldable drainage device for refractory glaucoma cases.

### an-GlauDrain

Product #: SH1808

# Viscoelastics

## Viscoelastics – Hydroxypropylmethylcellulose (HPMC)

Highly dispersive and cost-effective viscoelastic to protect endothelial cells.

### an-viscose 2% (HPMC)

Box with 5 sterile 2 ml syringes

Product #: VE1399

## Viscoelastics – Hyaluronate (HA)

Highly-purified, bio-fermented sodium hyaluronate.
Good maintenance of anterior chamber and space, cohesive behavior and easy to remove.

1. **an-bfh 1.8% (HA)**

   Box with 5 sterile 2 ml syringes

   Product #: VE1284

2. **an-bfh 2.2% (HA)**

   Box with 5 sterile 2 ml syringes

   Product #: VE1376

# Solutions

## Solutions – Staining Solution

For temporary staining of the lens capsule for easy visualization during intraocular surgery.

**an-blue**

Package with 5 syringes or vials with 1 ml content in each.

Syringe - Product #: LI1287

# Vision Support Supplement

## Vision Support Supplement – Ocu-GLO® Vegan

- Vision Supplement for Dogs & mature Cats
- Supporting Retinal Diseases, Dry Eye and Diabetes

**Ocu-GLO® Vegan**

Bottle with 90 Capsules

Product #: OG2254

# Sutures

## Sutures – Absorbable Sutures

Predictable absorption, excellent knot security, reliable bioabsorbability.
50% tensile strength remaining following 14 days.

### Suture - PGA

Packaging: Comes in box of 12

USP: 5/0 PGA, Lancet/Spatula - Product #: SR1315

USP: 6/0 PGA, Lancet/Spatula - Product #: SR1293

USP: 7/0 PGA, Lancet/Spatula - Product #: SR1294

USP: 8/0 PGA, Lancet/Spatula - Product #: SR1295

USP: 9/0 PGA, Lancet/Spatula - Product #: SR1296

USP: 10/0 PGA, Lancet/Spatula - Product #: SR1314

USP: 6/0 PGA, Reverse Cut - Product #: SR1427

## Sutures – Non Absorbable Sutures

Nylon: Monofilament polyamide with high tensile strength and very good knotting features.
Silk: Braided surgical silk on twisted core for greater tensile strength.

### 1. Suture - Nylon

Box of 12 sutures

USP: 9/0 Nylon, Lancet/Spatula - Product #: SR1297

USP: 10/0 Nylon, Lancet/Spatula - Product #: SR1298

### 2. Suture - Silk

Box of 12 sutures

USP: 6/0 Silk, Reverse Cut

Product #: SR0243

### 3. Suture - Polypropylene

Box of 12 sutures

USP: 9/0 Polypropylene, Lancet, straight 16mm

Product #: SR2282

# Skin Filler

## Skin Fillers – Lid Augmentation

Crosslinked Hyaluronate for injection in case of entropion.

### an-AlayVet

Box contains 2 syringes of 1 ml

Product #: VE1286

# Corneal Care

## Eye Drops – Hyaluronate with Amino Acids

Long-chained, ultrapure 1.2% hyaluronate and amino acids form a long-lasting film.
To be used in cases of Dry Eye. Proven advantages of high-molecular weight HA.

### an-HyPro

Product #: ED1546

## Corneal Care – BioSIS

Strong, pliable, biological scaffold for cell repair of the damaged cornea.

### 1. Vetrix® BioSIS, ECM Bioscaffold

7cm x 10cm, Multi-Layer

Product #: V1000

7cm x 10cm, Single-Ply

Product #: V0500

4cm x 7cm, 4-Ply Multi-Layer

Product #: V1500

### 2. Vetrix® BioSIS Plus+, multi-layer discs

15mm (4 pack), Individually sterilized

Product #: V5500

| | | |
|---|---|---|
| **3. Vetrix® BioSIS, single-layer discs**<br>15mm (4 pack), Individually sterilized<br>Product #: V5000 |  | |

## Corneal Care – Vetrix® EyeQ Amnion Ocular Discs

Provides a healing environment suited for corneal tissue repair.

| | | |
|---|---|---|
| **1. Vetrix® EyeQ Amnion Ocular Discs**<br>15mm (2 pack), Individually sterilized<br>Product #: VEQ1550 |  | |
| **2. Vetrix® EyeQ Amnion Chorion Ocular Discs**<br>15mm (2 pack), Individually sterilized<br>Product #: VEQ1510 |  | |
| **3. Vetrix® EyeQ Amnion Graft**<br>4cm x 4cm (1 pack)<br>Product #: VEQ4410 |  | |

## Eye Drops – Amniotic Eye Drops

Easy-to-use, non-surgical option for corneal defects. Utilizes innate concentrations of anti-inflammatory factors to modulate inflammation and promote rapid epithelialization.

| | | |
|---|---|---|
| **1. Vetrix EyeQ Amniotic Eye Drops**<br>5ml<br>Product #: VEQD50 |  | |
| **2. Vetrix EyeQ Dried Particulate - for Equine SPL System**<br>Product #: VEQ10E |  | |

# Silicone Prosthesis

## Prosthesis – Small Animal Sizes / Large Animal Sizes

Intraorbital or intrascleral prosthesis following enucleation or evisceration of the eye.

### 1. an-Silpro

*Small Animal*

12 mm - Product #: SP1247
13 mm - Product #: SP1248
14 mm - Product #: SP1249
15 mm - Product #: SP1250
16 mm - Product #: SP1251
17 mm - Product #: SP1252
18 mm - Product #: SP1253
19 mm - Product #: SP1254
20 mm - Product #: SP1255
21 mm - Product #: SP1256
22 mm - Product #: SP1257
23 mm - Product #: SP1258
24 mm - Product #: SP1259
26 mm - Product #: SP1260
28 mm - Product #: SP1261

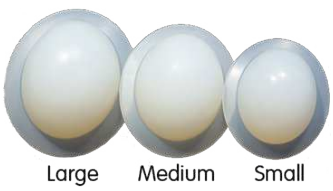

*Large Animal*

33 mm - Product #: SP1277
36 mm - Product #: SP1278
39 mm - Product #: SP1279

### 2. Top Hat, Large Animal

Top Hat: Small Medium, Large
Small - Product #: SP1280
Medium - Product #: SP1281
Large - Product #: SP1282

# Vitreoretinal Surgery

## Vitreoretinal Surgery – Perfluorocarbon

Aids in relocation and fixation of detached retinas during vitreoretinal surgery.

### RT - DECALIN

7 ml vial

Product #: LI2058

## Vitreoretinal Surgery – Silicone Oil

Long term tamponade in the vitreoretinal treatment of retinal detachment, cracks and trauma.

### Silicone Oil RT SIL-OL 5000

10 ml syringe

Product #: LI1288

# Single Use Products

## Single Use Products – Eye Spear

Highly absorbent PVA material for rapid absorption and gentle manipulation of tissue.

### Eye Spear

PVA, Box of 15x 5 spears per pouch, sterile.

Product #: 9001

## Single Use Products – Absorbent Stick

Used for fluid absorption at the surgical site.

### Absorbent Stick

Sterile - Box with 20 packages of 5 sticks each - Product #: 9003

Non-sterile - Box of 250 sticks - Product #: 9004

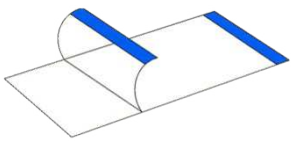

## Single Use Products – Incision Film

Adhesive film for microsurgery to cover lashes, lids, brow, etc.

### Adhesive Non-Glare Incision Film

Small incise adhesive film for microsurgery.

Product #: 9701

## Single Use Products – Instrument wipes

Lint-free PVA for cleaning delicate instruments. Soft when moistened and will not snag on blades or tips.

### Instrument Wipe

PVA, 20 per box, sterile

Product #: 9101

## Single Use Products – Ophthalmic Surgical Drape

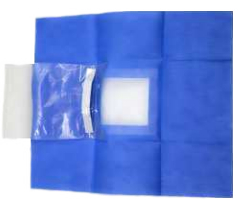

Adhesive incision film and collection bag suited specifically for ophthalmic surgery.

### Ophthalmic Surgical Drape

Box of 10. Adhesive area: 9 x 9 cm (3.5 x 3.5 in)

100 x 120 cm (39 x 48 in) - Product #: SU2164

70 x 70 cm (27.5 x 27.5 in) - Product #: SU2163

## Single Use Products – Iris Retractors – Capsular Hooks

Our an-Iris Hooks are used for temporary retraction in cases of insufficient pupil dilation during cataract surgery. The an-Capsular Hooks are used in cases of zonular weakness or lens subluxation for temporary retraction.

### 1. an-Iris Retractors - Nylon

Box of 5, sterile, single-use iris hooks

Product #: HO2097

### 2. an-Capsular Hooks - PMMA

Box of 5, sterile, single-use capsular hooks

Product #: HO2098

## Single Use Products – Knives (ones to use and be consistent)

Microsurgical single-use knives.

| | | |
|---|---|---|
| **1. Single-use Crescent knives, 2.2 mm, angled**<br>Box of 10<br>Product #: 030816 |  | |
| **2. Single-use Slit/Phaco knives, 45° angled**<br>Box of 10 each<br>Size: 2.8 mm - Product #: 030216<br>Size: 3.0 mm - Product #: 030916<br>Size: 3.2 mm - Product #: 030316 |  | |
| **3. Single-use MVR Sclerotomy knives**<br>20G; Box of 10 each<br>Product #: 030516 |  | |
| **4. Single-use Stab knives**<br>Single-edge $15^0$; Box of 10 each<br>Product #: 030116 |  | |
| **5. Sterile Beaver Blades #64 (Box of 10)**<br>Product #: 040111 |  | |
| **6. Sterile Beaver Blades #65 (Box of 10)**<br>Product #: 040211 |  | |
| **7. Sterile Beaver Blades #69 (Box of 10)**<br>Product #: 040311 |  | |

## Single Use Products – Cannulas

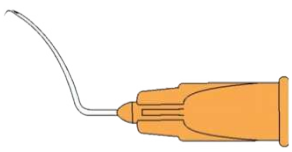

Ophthalmic cannulas.

### 1. Capsulorrhexis Cystotome Cannula

sterile, Box of 10, Single-use

25G - Product #: 890315

27G - Product #: 890319

### 2. Hydrodissector-Flattened

35°angled, 25G, 8 mm flat blunt tip sterile, Box of 10, Single-use

Product #: 890316

## Single Use Products – Microneedles

Designed for precise injection into the cornea or into the suprachoroidal space.

### 1. an-CorJec Microneedle with Adapter

30G needle 15°, Adapter 300 µm - Product #: 1100147

30G needle 45°, Adapter 600 µm - Product #: 1100247

30G needle 45°, Adapter 1000 µm - Product #: 1100347

### 2. an-SuproJec Microneedle with Adapter

30G needle 45°, Adapter 1100 µm & 1400 µm

Product #: 1100447

# Test Strips

## Test Strips – Fluorescein Sodium Test Strips

Aids to detect corneal and conjunctival defects and to assess nasolacrimal patency.

### Fluorescein Sodium Test Strips

Box containing 100 or 300 sterile strips

100 sterile tips - Product #: SU1304

300 sterile tips - Product #: SU1817

## Test Strips – Schirmer Tear Test Strips

Aids in the measurement of tear production.

### Schirmer Tear Test Strips

Box containing 100 sterile strips

Product #: SU1305

## Test Strips – Rose Bengal Test Strips

Staining of dead and degenerated cells/mucus. Aid in the diagnosis of KCS and superficial corneal epithelial abnormalities.

### Rose Bengal Test Strips

Box containing 100 sterile strips

Product #: SU1306

## Test Strips – Lissamine Green Test Strips

Staining of dead or degenerated conjunctival cells. Early detection of dry eye.

### Lissamine Green Test Strips

Box containing 100 sterile strips

Product #: SU1307

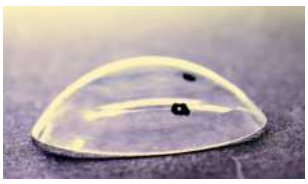

# Bandage Lenses

## Bandage Lenses – an-Bandage Lenses for Dogs, Cats and Horses

Transparent protection to cover corneal lesions resulting from abrasions and erosions or corneal ulcers. Veterinary specific for dogs, cats and horses.

### 1. an-Bandage Lenses for Cats

C1 (Diameter 16 mm, Base curve 9.2 mm) - Product #: BL1212
C2 (Diameter 14 mm, Base curve 8.3 mm) - Product #: BL1213
C3 (Diameter 15.5 mm, Base curve 8.5 mm) - Product #: BL1214
C4 (Diameter 16 mm, Base curve 8.8 mm) - Product #: BL1215
C5 (Diameter 18 mm, Base curve 9.4 mm) - Product #: BL1216

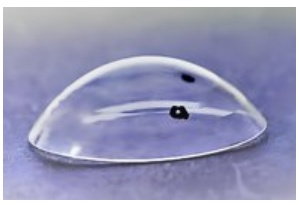

### 2. an-Bandage Lenses for Dogs

D1 (Diameter 18 mm, Base curve 9.6 mm) - Product #: BL1217
D2 (Diameter 18 mm, Base curve 9.8 mm) - Product #: BL1218
D3 (Diameter 20 mm , Base curve 10.4 mm) - Product #: BL1219
D4 (Diameter 15.5 mm, Base curve 8.5 mm) - Product #: BL1220
D5 (Diameter 22 mm, Base curve 11.4 mm) - Product #: BL1221
D6 (Diameter 22 mm, Base curve 11.8 mm) - Product #: BL1222
D7 (Diameter 20 mm, Base curve 11.2 mm) - Product #: BL1223
D8 (Diameter 20 mm, Base curve 10.8 mm) - Product #: BL1224
D9 (Diameter 18 mm, Base curve 10.0 mm) - Product #: BL1225

### 3. an-Bandage Lenses for Horses

H1 (Diameter 34 mm, Base curve 18 mm) - Product #: BL1226
H2 (Diameter 32 mm, Base curve 17 mm) - Product #: BL1227
H3 (Diameter 26 mm, Base curve 15 mm) - Product #: BL1228
H4 (Diameter 30 mm, Base curve 16.5 mm) - Product #: BL1229
H5 (Diameter 38 mm, Base curve 19.5 mm) - Product #: BL1230
H6 (Diameter 36 mm, Base curve 20 mm) - Product #: BL1231

## Bandage Lenses – First Aid - Contact Lenses

Contact lens for short term corneal protection.

**Emergency contact lenses - Xtensa** SiHy

Product #: SU1400

# Equipment

## Equipment – Tonometer – TONOVET

Tool that accurately measures the IOP (intraocular pressure) on animal patients. It is painless and therefore creates no anxiety.

| | | |
|---|---|---|
| **1. TONOVET Pro**<br>Product #: TO2233 |  | |
| **2. TONOVET Plus**<br>Product #: TO1625 |  | |
| **3. TONOVET Pet**<br>Product #: TO2265 |  | |
| **4. TONOVET Probes (100 Probes / Box)**<br>Product #: TO0872 |  | |

## Equipment – Phacoemulsification System – Alexos3 Phaco System

The Alexos3 is a Phacoemulsification system that makes cataract surgery incredibly fast, safe, calm, and – thanks to its excellent mobility – economical and accessible anywhere.

| | | |
|---|---|---|
| **Alexos3 Phacoemulsification System**<br>Product #: VC821100A |  | |

## Equipment – Phacoemulsification System – Phaco Accessories

Phaco tips for a wide variety of species (dogs, cats, birds/exotics & horses, etc).

| | | |
|---|---|---|
| **1. easyPhaco Handpiece**<br>Product #: VG800011 |  | |
| **2. easyPhaco Pack for Small Animals, single-use**<br>Product #: VV806840 |  | |

| | | |
|---|---|---|
| **3. easyPhaco Tip for Large Animal**<br>Product #: VV800075 |  | |
| **4. easyPhaco Tip for Small Animals**<br>Product #: VV800740 |  | |
| **5. easyPhaco Tip for Small Exotics**<br>Product #: VV800831 |  | |
| **6. Irrigation Sleeve for Large Animals**<br>Product #: VV603203 |  | |
| **7. Irrigation Sleeve for Small Animals**<br>Product #: VV603209 |  | |
| **8. Irrigation Sleeve for Small Exotics**<br>Product #: VV603231 |  | |
| **9. Key for Phaco Tips**<br>Product #: VE800100 |  | |
| **10. Test Chamber for Phaco**<br>Product #: VV803100 |  | |

## Equipment – Phacoemulsification System – Irrigation & Aspiration Accessories

Veterinary specific length and lumen for precise cortex removal.

| | | |
|---|---|---|
| **1. I/A Handpiece**<br>**Product #:** VE655000 |  | |
| **2. Quick Tip for I/A, 45°**<br>Product #: VE655236 |  | |

| | | |
|---|---|---|
| **3. Quick Tip for I/A, Straight**<br>Product #: VE655436 |  | |
| **4. Quick Tip for I/A, Large Animal**<br>Product #: VE655075 |  | |

## Equipment – Phacoemulsification System – Diathermy Accessories

Fine and direct control of HF power to cut the capsular bag. Gentle alternative to tearing the capsular bag with forceps. Straight tip used for cautery of iris bleeds.

| | | |
|---|---|---|
| **1. Diathermy Handpiece**<br>Product #: VE201712 |  | |
| **2. Capsulotomy Tip for Small Animals**<br>Product #: VE201726 |  | |
| **3. Capsulotomy Tip for Large Animals**<br>Product #: VE201735 |  | |

## Equipment – Phacoemulsification System – Vitrectomy Accessories

Vitrectomy cutter for anterior and posterior vitrectomy.

| | | |
|---|---|---|
| **1. Continuous Flow (CF) Vitrectomy Cutter**<br>Product #: VV104110 |  | |
| **2. Vitrectomy Irrigation Sleeve**<br>Product #: VG601351 |  | |

## Equipment – Phacoemulsification System – I/A Tubing Cassette

I/A Tubing cassettes in variable combinations.

### 1. I/A Tubing Cassette for Alexos, Alexos3 & Faros

Box of 10

Tubing cassette only

Product #: VV621010

### 2. I/A Complete Tubing Pack for Alexos, Alexos3 & Faros

Box of 10

Tubing cassette, draining bag, infusion set, and protection bag

Product #: VV621010A

### 3. I/A Tubing Set

Box of 3, Reusable

Product #: VV621003

### 4. Phaco Pack

Box of 10

Tubing system, easyTip 2.8 mm 30°, irrigation sleeve, phaco key, test chamber, infusion set, drainage bag, cover for remote control, sterile/single use.

Product #: VV621011AE

## Equipment – ERG – RETIport 3S

One channel system with Koijman electrode for photopic and scotopic tests.
Small, portable unit that can be used with a laptop computer.

### 1. RETIport 3S electroretinograph

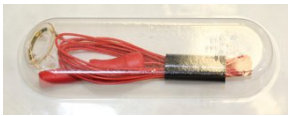

Product #: ER1754

### 2. Electrode cable set

Product #: ER0552

| | | |
|---|---|---|
| **3. Jet electrode**<br>Product #: ER0326 |  | |
| **4. Koijman electrode, 17mm**<br>Product #: ER0614 |  | |
| **5. Subdermal Needle Electrodes**<br>Single needle - Product #: ER1011<br>Box of 10 needles - Product #: ER1811 |  | |

## Equipment – Electroretinograph – LED Flash

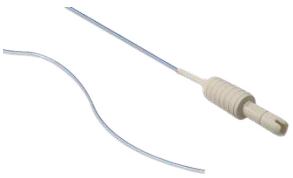

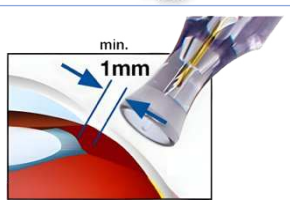

Flash stimulator and Light emitting diodes (LED) photic stimulator.

| | | |
|---|---|---|
| **1. LED Flash, RETIport**<br>Product #: ER1740 |  | |
| **2. LED Flash, RETIport 3S**<br>Product #: ER1755 |  | |

## Equipment – 810nm Diode Laser – FOX Laser

The FOX 810 is a highly customizable, affordable, and powerful laser that can be applied to a multitude of ophthalmic applications.

| | | |
|---|---|---|
| **1. FOX 810nm Diode Laser**<br>Product #: LS03200 |  | |
| **2. EmunDo PTT Dye**<br>Box of 3<br>Product #: ZU01000 |  | |
| **3. Blunt-end Needle 22G, l-40**<br>Box of 25, sterile<br>Product #: ZU01156s |  | |

| | | |
|---|---|---|
| **4. Connector Fiber**<br>Sterile<br>Product #: LL13063 |  | |
| **5. Focus Handpiece, Green**<br>Product #: HS18004 |  | |
| **6. HiFlex Fiber 300µm**<br>Box of 5, sterile<br>Product #: LL13062s |  | |
| **7. HiFlex Fiber Stripper**<br>Product #: WE01440 |  | |
| **8. Laser Indirect Ophthalmoscope**<br>Product #: ZU11054 |  | |
| **9. MicroCyclo Probe**<br>Box of 5, sterile<br>Product #: HS11036s |  | |
| **10. Safety Goggles**<br>Product #: AS01033 |  | |
| **11. Surgery Handpiece**<br>Product #: HS11018 |  | |
| **12. Therapy Handpiece, Black**<br>Product #: HS18005 |  | |
| **13. VET Cyclophoto Probe**<br>Sterile<br>Product #: LL13021 |  | |

# Surgical Training Models and Accessories

## Surgical Training Models and Accessories

Cutting-edge surgical training models for veterinary ophthalmology.
An ideal tool for practicing surgical techniques and also used for corneal transplantation.

| | | |
|---|---|---|
| **1. Brachycephalic Dog Head**<br>Product #: BDHO1 |  | |
| **2. Mesocephalic Dog Head (Long Nose)**<br>Product #: BDHO2 |  | |
| **3. Hard Support**<br>Product #: ESO2PH |  | |
| **4. Soft Support**<br>Product #: ES02PS |  | |
| **5. Head Pack - Brachycephalic Dog**<br>Product #: HPB01 |  | |
| **6. Head Pack Mesocephalic Dog (Long Nose)**<br>Product #: HPM01 |  | |
| **7. Hard Support with feign eyelids for pig's eyes**<br>Product #: ES01P-H |  | |
| **8. Soft Support with feign eyelids for pig's eyes**<br>Product #: ES01P-S |  | |
| **9. Support for Bovine eyes and annexa**<br>Product #: ES01V |  | |

## State of the Art Quality and Design.

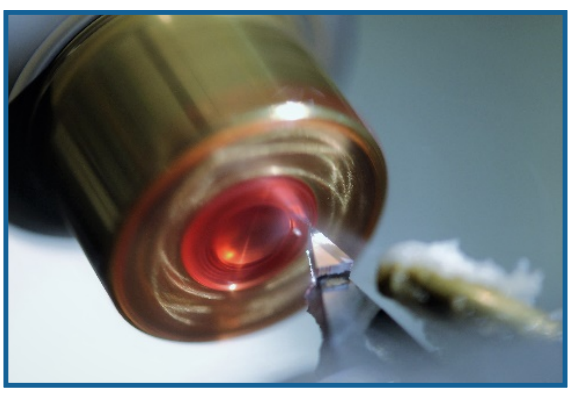

For us at an-vision, it is important to produce products of the best possible quality and in exactly the design required for use in veterinary ophthalmology.

This begins with the selection of raw materials, attention to manufacturing processes according to GMP and quality control and finally our exceptional service to you.

an-vision is well-known because we strive to develop innovative products to improve your surgical needs and to advance your treatments in veterinary ophthalmology.

## Do you know about an-vision's courses?

The courses organized by an-vision are known worldwide for many years.

Led by internationally renowned instructors, participants will enhance their skills and practice advanced techniques in a highly interactive setting. Limited to 40 attendees, these courses offer lectures and hands-on wetlab sessions, featuring 20 fully-equipped workstations.

Please see on our website the upcoming courses www.an-vision.com/conferences.
